

## Chore list

Pressure wash patio and driveway. Bring out blower to get it partially dry.

Pick up branches around the yard. Rake or leaf blow pine needles and pinecones.

Haul patio furniture out of the barn into the patio. Organize barn. Break down the cardboard boxes and stack them. Put the snowblower to the back and the riding lawn mower in the front and the gas and electric push mowers in the middle.

Trim down the ornamental grass and we can get a fire going.
